

Lesson Planning for Learning Disabilities (LD)

Developed and continually revised program model that makes lesson planning an easier process and can accommodate for learning disabilities

Research Method/Process

Step 1: Literature Review

Step 2: Developing a Theoretical Module

Step 3: Interviewing Teachers

Step 4: Revising Model and Completing Final Model

Idea

How do I make it so that teachers have easy access to LD teaching resources so that they can use it in lesson planning?

Fields of Interest:

- Teaching Methods
- Instructional Strategies
- Teacher Beliefs on LDs

Conclusions/Next Steps

Model Complete! Its final features...

- teachers can create and save lesson plans online
- gives access to research on LD in an organized manner
- educates teachers about the disability

New Lesson Plan

Title:

Date of Use: Month Day Year

Standard:

Teaching Style

Do you have learning disabled students? Yes No

Accommodations
